Supporting Guiding

on Brownsea Island

## Introduction

Friends of Guiding Brownsea Island was formed in 1993 by a group of Dorset Guiders. The membership is now more than 200 and is worldwide.

## Aims and Objectives

Friends of Guiding Brownsea Island aims to:

- Provide support for Guiding and Scouting on Brownsea Island.
- Raise money to fund projects for Guiding and Scouting on Brownsea Island.
- Enable others to enjoy this unique Island, which is part of our Guiding and Scouting Heritage.
- Stimulate interest in Brownsea Island.
- To spread the good news about Guiding and Scouting on Brownsea.
- To work with Scouting, the National Trust and other Island Partners to enhance facilities and knowledge about Brownsea.

## Activities

FOGBI arranges various social activities, some of which are held on the Island. Help and support is given, when required, for special camps, visits, activities and events on the Island. We are involved in the staffing of the Trading Post and we support the work at South Shore Lodge.

## Management

A representative of FOGBI attends the Scout and Guide Heritage Trust Committee Meetings and our involvement is greatly appreciated. We have our own Committee, elected at our AGM in April each year, with President, Chairman, Secretary, Treasurer, South Shore Lodge Housekeeper and Committee Members, with others co-opted for specific purposes, to include the Guide Commissioner for Brownsea Island and the Membership Secretary.

## Communication

The Committee arranges an interesting and balanced programme, and information is sent out by two newsletters in the winter and summer. Ideas and comments from Members are always welcome and encouraged, so that we are effective representatives of our Members.
